SLIDING DOORS IN SZAFIR FRAME, PIVOTING FRONT IN OPAL
OP1 FRAME AND ORTO SYSTEM FOR INTERIOR DESIGN

STYLISH

A spacious walk-in wardrobe with a functional island which makes the room stylish and classy. This walk-in consists of capacious wardrobes finished in different types of door fronts. The strong point of our walk-in wardrobes is that you have the opportunity to personalise it's interior and accessories. Glass fronts, dark door profiles and LED lighting gives this walk-in a modern look with its special aesthetics.

Islands with drawers, organisers and shelves are a special place to store precious objects like watches or jewellery. It makes your walk-in look unique.

ELEGANCE

An open walk-in wardrobe with laminated panel. Its distinguishing feature is its personalisation, achieved by using dedicated accessories. Unique, useful space that is made to measure. A particularly special part of this walk-in is the shoe zone covered by our Opal glass doors, including LED lighting which improves the wardrobes functionality and brightens the room.

Mocca - line of unique accessories, hanger rods and soft-closing drawers for people who appreciate good design, organisation and functionality.

ORTO INTERIOR SYSTEM

MODERN

An open feel, designer walk-in wardrobe in our Orto System. Its main constructional element is an aluminium profile. Its spacious and functional purpose is created with shelving, hanging rods and drawers which can be arranged to suit the customers needs. This walk-in wardrobe is the perfect solution for someone who appreciates the minimalistic look and original solutions.

Orto system is a perfect, functional and practical solution for a corner zone as it enables easy access to every part of our walk-in.

MINIMALISTIC

A bright and elegant walk-in wardrobe built into this bedroom is stylish and functional. Light, open-look interior with a hanging area, shelving and drawers makes it easy to keep everything organised and comfortably stored. Minimalistic sliding doors work as a front door and subtly divides the walk-in from the rest of the room.

Sliding door in Szaflir system with a thin profile, serving at the same time as a comfortable handle. Inserted with transparent glass making the room appear bigger.

COSY

A cosy walk-in wardrobe next to the bedroom, dividing the relaxing area from the storage space. Its interior consists of open spaces with full access to shelving and hanging rods. Areas covered with glass are perfect for protecting precious objects with elegant exposition. Glass covered drawer fronts, LED lighting and diverse colour schemes adds a feeling of style and class.

Twin modules, dedicated for both home-dwellers. They make it easier to simultaneously and comfortably compose the outfits for both partners.

FUNCTIONAL

A slanted walk-in wardrobe which is usually a difficult space to work with turned into a practical storage area. Perfectly made to measure with shelves, drawers and accessories. The perfect solution to organise this tricky space creating harmony and order not only for the wardrobe but the whole room.

Simple Opal frames creates a minimalistic pivoting door front, which will work perfectly in the area designated for shoes, bags and smart clothes.

ACCESSORIES FOR YOUR WALK-IN

Functionality is what makes the perfect walk-in wardrobe. To make it perfect, it is important to use the right accessories. Not only will they give your walk-in wardrobe personality but they will organise your space to suit your needs.

A pull-down hanger with a special handle. By pulling down the rod, we have easy access to things located in the upper parts of the wardrobe with little effort required.
